

Ergostat[®]

Prep & Pack Tables

Personalization for Instrument Sterilization

ErgoStat® Prep & Pack tables are designed to alleviate the physical stress placed on technicians performing the inspection, assembly, and packaging in your Department. Standing in one position for hours on end, or using a workstation designed for someone else, can lead to uncomfortable neck or back pain and unsatisfied employees. Put your faculty's well-being in mind, and choose a Prep & Pack table that easily adjusts to their needs.
